For genealogical reference to the Sandeman family, see -- freepages.

The final prophesy

By some providence bordering on the supernatural, the health inspector has repeatedly signed off on the business, always kindly ignoring both the faint smell of some kind of mysterious chemical cocktail that is the defining characteristic of the establishment and the family of mutated raccoons that lives in the crawlspace behind the grease trap. And worse, why would a university tolerate such behavior and focus on helping individual students or post-docs repair the damage, rather than going to the source and stopping the damage.
